

High-value additional functionality

1. University Directory

- Universities and colleges
- Official websites
- Student portals
- Registrar pages
- Library systems
- Contact information

2. Academic Calendar

- Semester start/end
- Registration deadlines
- Exam periods
- Holidays
- Graduation dates
- Important university announcements

3. Previous Exam Bank

- Search by university
- Department
- Course
- Year/semester
- Exam type
- PDF/image preview and download

4. Course & Material Hub

- Lecture notes
- PPTs
- PDFs

- Books
- Assignments
- Lab materials
- Video resources
- Filter by university → department → year → course

5. Scholarship & Opportunity Center

- Scholarships
- Internships
- Competitions
- Fellowships
- Jobs
- Application deadlines
- Save/bookmark opportunities

6. Student Tools

- GPA/CGPA calculator
- Grade calculator
- Credit-hour calculator
- Study timer
- Unit converter
- Percentage calculator

7. Academic Roadmap

- Select university/department
- See courses by semester
- Prerequisites
- Completed courses
- Remaining courses

- Graduation progress

8. Study Planner

- Create study schedules
- Add courses
- Assign tasks
- Deadlines
- Reminders
- Progress tracking

9. Student Q&A / Community

- Ask academic questions
- Answer questions
- Upvote useful answers
- Course-specific discussions
- Report inappropriate content

10. University Announcements

- Registration announcements
- Exam announcements
- Scholarships
- Admission notices
- Department announcements
- Filter by university

11. Career Center

- Ethiopian job opportunities
- Internship opportunities
- CV builder
- Portfolio builder

- Interview preparation
- Career resources

12. **Bookmark / Save System**

Allow students to save:

- Materials
- Useful links
- Exams
- Scholarships
- Jobs
- Questions

13. **Notifications**

- New material uploaded
- New exam added
- Scholarship deadline approaching
- New announcement
- Saved opportunity updated

14. **Smart Search**

Instead of searching only by title, allow:

"DBU operating system final exam 2025"

and return relevant:

- Exams
- Materials
- Videos
- Links
- Questions

15. **Admin/Moderator System**

Since students can upload resources, add:

- Content approval
- Report system
- Duplicate detection
- User moderation
- Resource verification
- Featured resources
- Audit logs

★ Features I'd prioritize

For your project, I would build them in this order:

Phase 1

- Useful Links
- Previous Exam Bank
- Materials Hub
- University Directory
- Smart Search
- Bookmarks

Phase 2

- GPA/CGPA Calculator
- Academic Roadmap
- Study Planner
- Scholarships
- Jobs/Internships
- Notifications

Phase 3

- Student Q&A
- Career Center

- CV Builder
- Personalized recommendations
- AI study assistant

This would make EthioStudentHub much more than a file-sharing website—it could become a **central student platform covering academic resources, opportunities, university information, planning, and career development.**
